

Section 4. Utilization

- 212 The utilization of "bitter" potatoes in the cold tropics of Latin America
J. A. Christiansen and N. R. Thompson
- 215 Cassava utilization in agro-industrial systems **D. J. McCann**
- 221 The allocative efficiency of Fijian root crop producers
S. Chandra and A. J. De Boer
- 226 The importance of cassava processing in the economy of Colombia
Hugo Valdes Sanchez
- 228 A profile of Thai cassava production practices **Truman P. Phillips**
- 232 The prophylactic action of cassava **O. L. Oke**
- 237 The toxic effect of cassava on human thyroid **F. Delange, P. Bourdoux, M. Camus,
M. Gerard, M. Mafuta, A. Hanson, and A. M. Ermans**
- 242 Utilization of cassava as a carbohydrate source for pigs
V. F. Hew and R. I. Hutagalung
- 246 Use of cassava as a food supplement for broiler chicks **Sarote Khajareern and
Jowaman M. Khajareern**
- 250 Protein enrichment of cassava by fermentation with microfungi and the role of
natural nitrogenous supplements **G. Varghese, J. J. Thambirajah, and
F. M. Wong**
- 255 Utilization of nutritionally improved cassava in poultry and pig diets
R. I. Hutagalung and P. H. Tan
- 262 Utilization of cassava-based diets in swine feeding
Guillermo G. Gómez, Carlos Camacho, and Jerome H. Maner
- 267 Establishment of a pilot plant for the production of fungal protein from cassava
**K. F. Gregory, A. G. Meiering, F. A. Azi, J. A. D. Sedgwick, J. D.
Cunningham, S. J. MacLean, J. Santos-Núñez, and G. Gómez**
- 270 Lipase activity and the conversion of fat to carbohydrate in cassava
Frederick Nartey
- 274 A system of food delivery from root crops **T. O. M. Nakayama, James H. Moy,
and Jose L. F. da Fonseca**
- 275 Mechanization of yam and sweet potato production in Barbados **J. P. W. Jeffers**
- 277 Summary of Discussions **Truman P. Phillips**
